 VISIONZ

Individual or in a matching composition, sophistication it's the look you are getting. Think about Biba if you're planning an elegant restaurant, minimalistic hotel lobby, Scandinavian inspired bar, urban retail or even your home dining room and let it suit your taste.

Biba

Pixy is never fixed. It is always flexible. Which makes it the perfect choice for restaurants and bars where moving tables is a daily routine. With a small carbon rod and a magnet, you can instantly move and redirect the light without using the ladder.

Pixy

Dawn is the perfect luminaire for all romantics who love soft early morning light. Unlike other luminaires which have their light source located in the centre, Dawn hides its source behind the edge and only reveals soft uniform illumination, comparable to the morning dawn.

Dawn

It is multifunctional. It offers different possibilities of illumination. The acoustic surface reduces noise and improves speech audibility. With its integrated Bluetooth loudspeaker, you can listen to your favourite music, and its sophisticated design brings a touch of luxury to your space. Last but not least, the atmosphere it creates might help you find the way out whenever you feel stuck in a black hole.

Black Hole

Pyrymyd brings comfort to every dimension – acoustic, visual, and aesthetic. It addresses three key issues simultaneously: it enhances acoustics, provides high-quality illumination without any glare, and replaces the ceiling. Plus, it's easy to install.

Pyrymyd

Futon Acoustic is perfect when you want to combine unique ambient lighting, functionality of acoustics and trendy colours. Futon O, a shining ring, makes your walls shine in a different way, while Futon Mirror is a mirror and a lamp all-in-one. Alone or in a creative composition, Futon gives its best.

Futon

Gramm is elegant and focused, meant to enlighten only what is needed. It is round-shaped, and its main feature is the possibility of rotation which allows a lot of flexibility. When you want a pleasant indirect light, you simply rotate it up with one move.

Gramm

Lysabel will always bring a touch of sophistication to your space, whether vertical, horizontal, inclined, single or grouped in different creative compositions. It is a slender homogeneously lit tube without shadows. Its look is clean, minimalistic and refined, with every last detail carefully crafted. Looks fragile, but it's not. Its force is versatile – for the power of light and of appearance.

Lysabel

Pipes Tube is meant to enhance the space. As a strong decorative element, it draws attention. Still, its form is simple enough to blend in with the surroundings.

Pipes Tube

Kalis family range is so universal and flexible, that even with repetition of the same product, individuality and originality can be achieved on projects.

Kalis

Random is created to enhance the look of modern open ceilings, turning them into something dynamic! And it all starts with using straight lines and bringing them together into a composition that works best for open spaces that need a secondary ceiling.

Random

With Hexagon S the magic starts with using basic shapes and joining them together into a net-like composition that works best as a secondary ceiling. It's the perfect pick for all those projects that go beyond functionality and seek an element with a distinctive look. And it's not only that ... Hexagon is a luminaire that offers far more! It does not only guarantee high-quality general illumination, but also leaves you all the creativity to make it as big and as bold as you want.

Hexagon

Challenge your creativity by designing figures of repetition or an original combination of different shapes and sizes. It's an object that seeks attention without taking control over your space.

'Wave Round' may look all glitz and glam, but it also boasts with increased efficiency and reduced glare.

Wave Round

Tracker is made to track the fluid architecture. It is the first luminaire to go beyond horizontal movement and by far our most adjustable trimless luminaire when it comes to shapes.

Inspired by soft and fluid forms from nature and architecture Tracker can create limitless forms and shapes that, like in nature, are never linear. With it it is like drawing light in space.

Tracker

Liy is perfect for elegant spaces where you just can't have an ordinary spot. Its main advantage is the appearance of pure light without any source glare. It is minimalistic. Imagine, the opening on the bottom of the funnel is only 8 mm wide. Then, it depends on the housing colour whether you want the whole luminaire to stand out or to completely blend in.

Liy can perform as a single spot, in a pair, or in a row of three, four or more. It can be fixed or flexible, allowing to change the beam angle and orientation, always having visual attention on the object.
