## Smart

### Recessed Lighting

The 3 original designs, Smart Kup, Lotis and Cake still manage to steal the hearts of interior designers. And this goes for the entire Smart family. Smart's accessibility and extreme versatility are arguably fit for any expression.

## Hollow

### Recessed Lighting

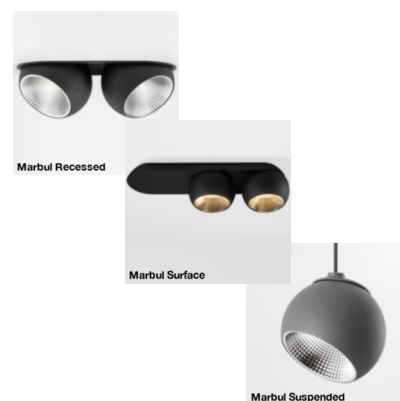

Hollow proposes direct light when open and indirect light when closed. But where does the light come from? Lit or dark, there and not there. A symphony of opposites, Hollow is a downlighter that works with you. Adjustable and versatile. For spaces that welcome intrigue and personality.

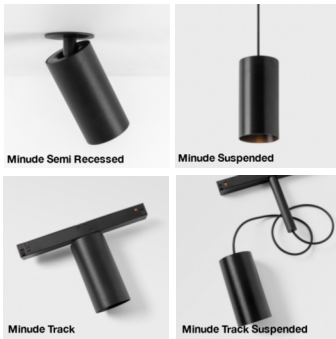

## Marbul

### Recessed, Suspended And Surface Lighting

Marbul is a timeless, spherical accent luminaire. Its pure geometrical shape makes it easily fit in every interior. Why designers love it so? The attention to detail and the simplicity of the shape present a minimalistic, elegant and versatile design for those looking to experiment with organic lighting.

## Minude

### Semi Recessed, Suspended, And Track Lighting

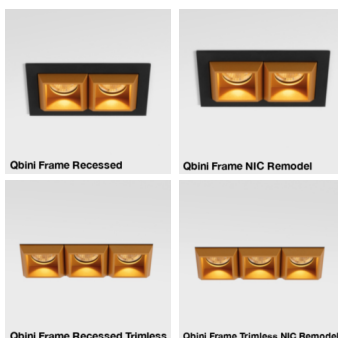

Minude's yogic flexibility will surprise you about as much as its bare, cylindrical design. Express a refined and minimalistic look & feel on walls, on high or low ceilings. Try more than one Minude on our Pista track or on our redesigned Modupoint LED. Its long string of colors and miniature size will make a big impression.

## Smart Tube

### Surface, Suspended, Wall, And Track Lighting

Since Smart families include all kinds of shapes, this cylindrical design was not to be left out. Smart Tube is a family of suspended fun and versatile luminaires for all kinds of spaces. Surface mounted as a downlighter, on the wall for up and downlight, or suspended for a more intimate setting, Smart Tube can be coupled with any Smart design, Kup, Lotis, or Cake.

## Qbini Frame

### Recessed Lighting

A portmanteau of cubic and mini, Qbini Frame is a modular and miniature LED solution for extremely playful applications. Qbini Frame comes in square and rectangular frames that are waiting for you to choose from a host of design options and light effects. From tiny accent lights to general lighting modules.

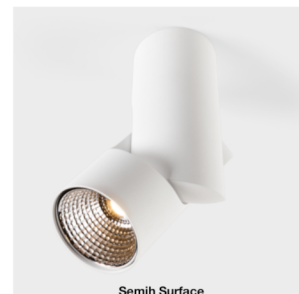

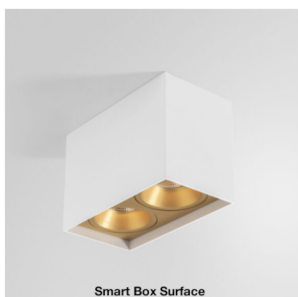

## Semih

### Surface Lighting

Semih Surface is made up of two equal, yet opposite parts: one is mounted to the ceiling and the other holds the lamp. Point it at specific objects or areas and add style to any interior. Semih is exceptionally easy to install, thanks to strong mounting magnets.

Semih Surface

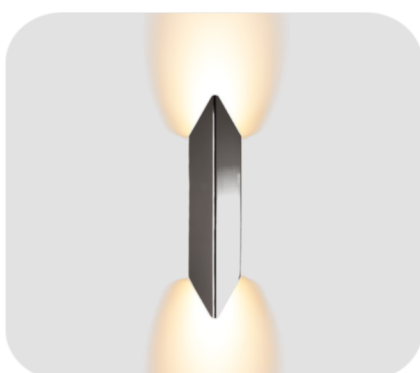

Smart Box Surface

## Smart Box

### Surface Lighting

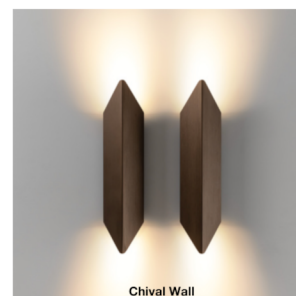

If recessed ceiling spotlights are not an option, Smart Box Surface is the solution. Square or rectangular, mounted on the ceiling, holding one or two spotlights. A larger version is compatible for Smart 115 directional spotlights. Add warm dim and create just the right mood.

## Chival

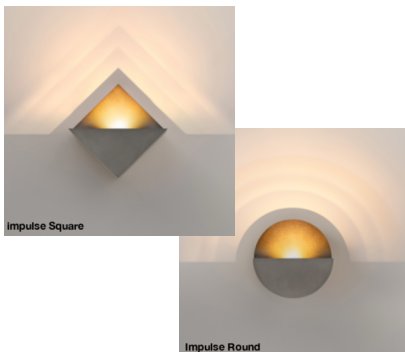

### Wall Lighting

Formed by one single, pleated plate, Chival shows elements of sharp design and refined craftsmanship. Its up and down vertical light is a natural continuation of the shape, which was inspired by medieval coats of arms. Alone, Chival is beautiful and timeless. Try two or more, and you'll see a conversation of shadow, light and patterns taking shape.

Chival Wall

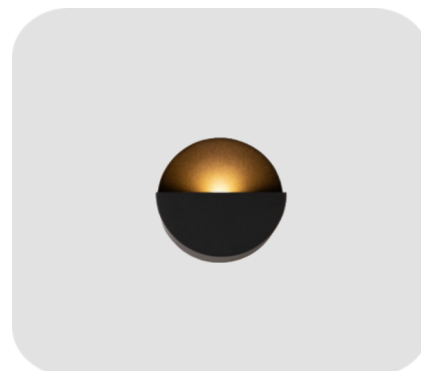

## Impulse

### Wall Lighting

An abstract shape that transforms into a poem of light and shadow. Impulse, a wall luminaire designed by Maarten De Ceulaer, brings a surprising light effect to any surface it touches. Express a unique experience in your space, where ripples of shadow and light create depth and accentuate architectural features all around.

## Duell

### Surface And Wall Lighting

Duell's gentle curves are sure to give any space a softer touch. This two-color, LED luminaire invites you to play with combinations. One for the outside, and one for the inside plate. For ceiling-mounted applications, recessed and surface-mounted variants are available. The recessed version has an attractive broad rim, while the surface version also offers a directional variant.

## Trapz

### Wall Lighting

With their indirect lighting and subtle shadow effects, wall fixtures are undoubtedly atmosphere creators. Trapz, our organic interpretation inspired by a trapezium, is no different. The flattened cylinder has been finished with two oblique openings, which allow you to see the contrasting interior of the luminaire and immediately create an unusual chiaroscuro effect.

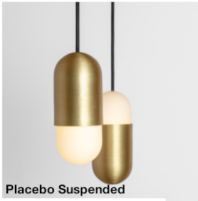

## Geometry

### Suspended Lighting

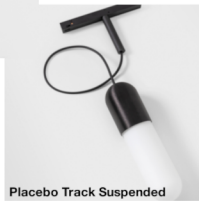

Geometry is a voluminous suspended luminaire that brings generous, uniform lighting to a space. This love marriage between aesthetics and engineering is a custom-made, slim circular LED light panel that pivots inside a frame. You won't see how it all works. All you'll experience is that it floats gently in the air, giving you a sense of lightness.

Geometry Suspended

Placebo Suspended

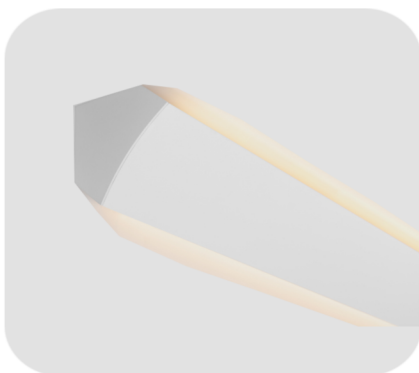

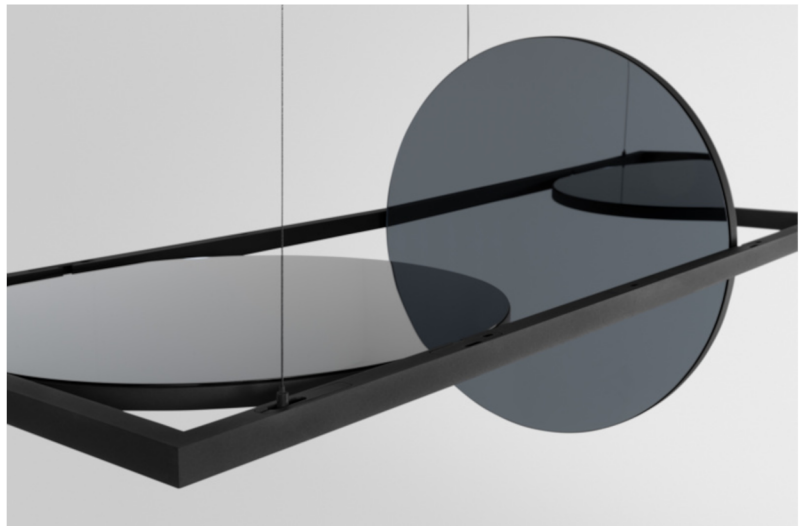

Placebo Track Suspended

## Placebo

### Suspended And Track Lighting

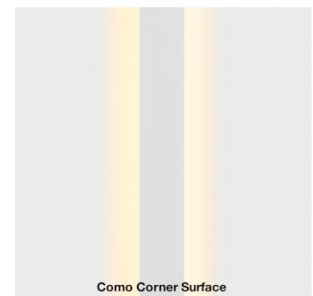

Placebo is a paradigm of playful choices of up and down light. You will soon discover the many options it comes with, giving you even more choices. Different shapes, sizes and shades designed for you, and then add all the color combinations. All playful instruments to turn your creative vision into lovely rhythms of pure forms and light.

## Como Corner

### Surface Lighting

Como Corner Surface is a linear lighting family that easily fits everywhere, discreetly, and whose ambient light will nicely accentuate vertical or horizontal lines in many spaces. For a seamless integration, Como Corner Surface can even be painted the same color as the wall.

Como Corner Surface

## SLD25

### Surface, Suspended, And Wall Lighting

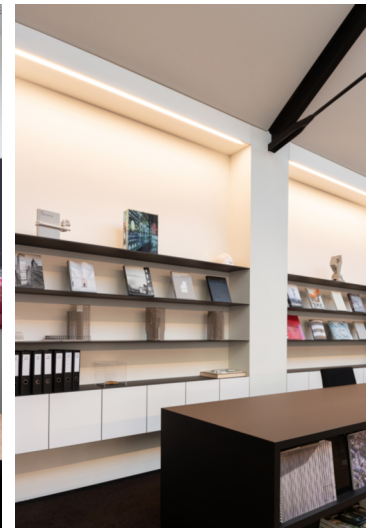

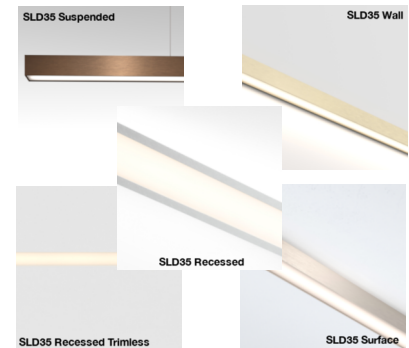

Formerly SL Nano, SLD25 is our narrowest U-shaped profile. SLD25 poly out, available with a polycarbonate diffuser on the outside, guarantees a light-filling effect in any room. Available with LEDs. Suitable for surface mounting on the wall or ceiling, also works wonders as a suspended luminaire.

## SLD35

### Surface, Recessed, Suspended, And Wall Lighting

SLD35 is the new SL micro. Showing light lines with a little more presence than SLD25, brilliant when surface-mounted (ceiling or wall) or suspended, or even recessed (ceiling or wall). Its diffuser ending flush with its surface makes it a minimalist favorite. Available in lovely warm colors.

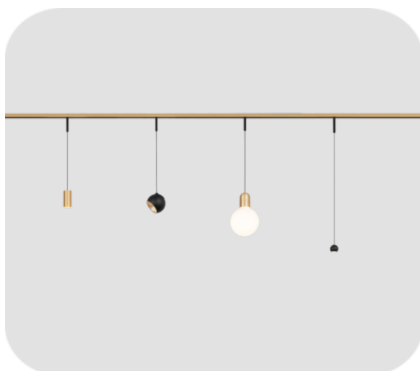

## Vaeder

### Surface And Suspended Lighting

With a name derived from the English verb 'to evade', it is clear from the start that Vaeder will be miles ahead of anything average. This fixture feels equally at home in an energy-efficient, ergonomic office environment and in a home office. Its characteristic honeycomb structure in combination with a wafer-thin diffuser minimizes glare, while Vaeder's ground-breaking LED technology results in an energy-efficient and high-performance office fixture.

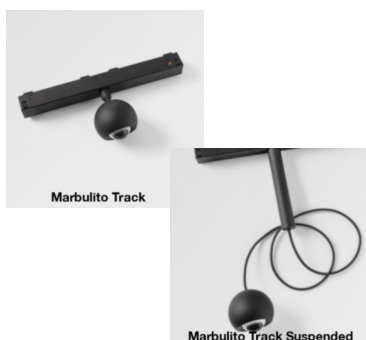

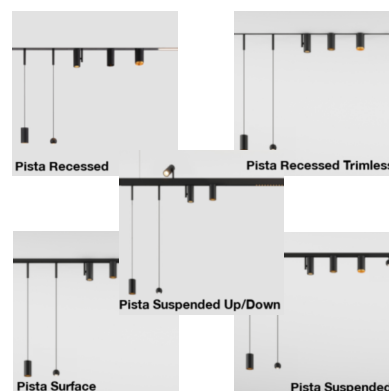

## Pista Track

### Track Lighting

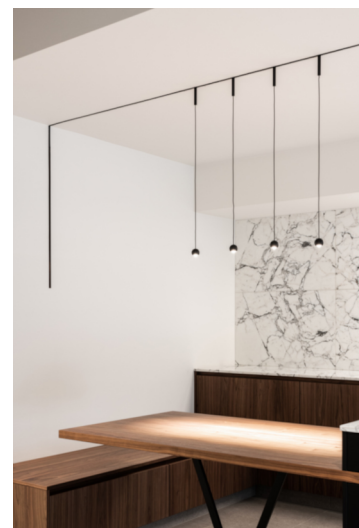

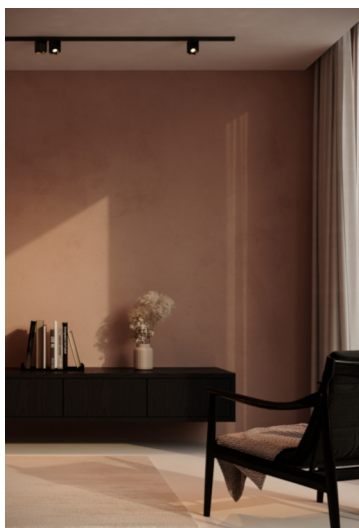

Pista Track 48V is our slender magnetic LED track lighting system that lets you play with general and accent lighting. Loaded with choices of spots, pendant lighting, uplight and even a Night Light, Pista Track 48V easily travels along the wall and ceiling, from one space to the next. Its endless configurations with minimalistic designs, colors and all types of lighting, will brighten up any space and mood.

## Marbulito

### Track Lighting

As a luminaire component for our Pista Track 48V, Marbulito makes a big entrance. Suspended on a long cable, or surface mounted. You'll be seeing pearls of Marbulitos in all kinds of spaces.

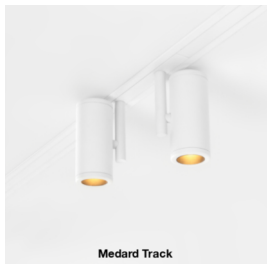

## Rektor

### Surface and Track Lighting

With a name derived from the Latin word for "ruler", the Rektor family has all the qualities of a leader. Strong, guiding, and arguably a good listener. Winner of the 2014 Henry Van de Velde design award, Rektor is an orientable downlighter that showcases the distinguished effects of right angles and accented light direction.

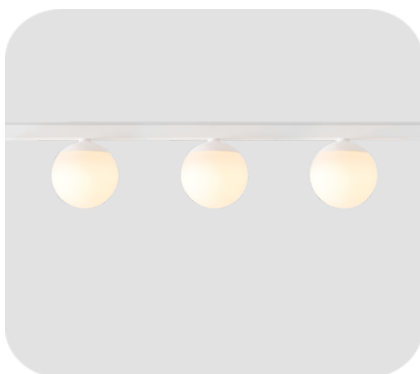

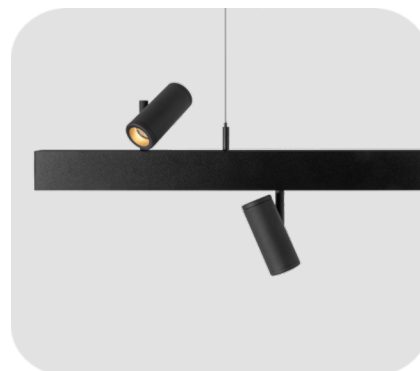

## Medard

### Track Lighting

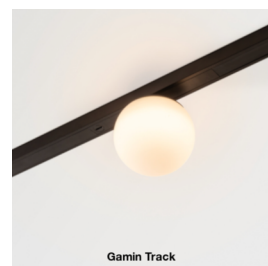

Thanks to its great flexibility (h360° v360°), Médard Track 48V can easily be adjusted to the needs of a space. The only spot that can be used as an uplight on our Pista magnetic track rails loves company. Combine it with Médard Track 48V downlights, or Marbulito Track 48V, or LED linear light.

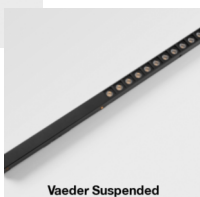

## Gamin

### Track Lighting

Explore endless configurations on our Pista Track 48V with Gamin, and enjoy its soft, diffuse light. Click it in on Pista Track 48V Surface, Pista Track 48V Recessed or Pista Track 48V Suspended, and try it with warm dim technology.

## Pista Linear

### Track Lighting

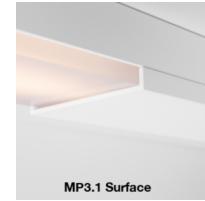

## MP3.1

### Surface And Suspended Lighting

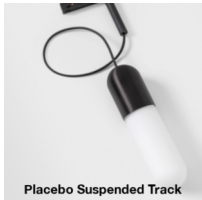

MP3.1 is still considered a favorite within the world of thin profiles. With options for LED lines, LED spotlights or our directional spotlight Rektor, MP3.1 gives you choices. It will soon become essential in projects where you want to provide both general and accent lighting with a single, slender luminaire.
