

Nexia Lighting

About Nexia

Nexia Lightng was established in 2003, in Castellar del Vallès, Barcelona. Their goal was to create innovative products in not only design, but technology to provide lighting solutions that improve daily life. Nexia understands the importance of light and how it affects our environment, and their fixtures are a direct result of this philosophy. Their history, and legacy is create light with emotion that will captivate your space and breathe new life into your projects!

“Our mission; Create the best light”
