

PMC Lighting

About PMC

Based out of Rhode Island, PMC Lighting is a family owned and operated manufacturer of high quality Lighting fixtures. Since 1991, PMC Lighting has earned a reputation for their innovative design, quality craftsmanship and creative adaptability. All fixture designs are engineered, fabricated, assembled, packaged and shipped from North America, making them a true US producing manufacturer. PMC Lighting has been defined as a leading Lighting solutions provider when it comes to all your commercial, institutional and health care lighting needs.
